I/O Pin Headers & Castellations

Header 2.54mm 1x16

Header 2.54mm 1x16

Mech Support /Solar Connector

Header 2.54mm 1x4

Solar Connector

B2B-PH-SM4-GNDT (LF)(SN)

USB C Connector

QWIIIC Connector

SM04B-SRSS-TB(LF)(SN)
DESIGN NOTE:
The I2C bus is pulled up by the
Notecard

Battery Connector

S2B-PH-SM4-K-TB

DESIGN NOTE:
Li-Po Battery
3.3V - 4.2V

Notecard Connector

SIM Card

Notecard Support

Antenna uFL to IGNION NN03-310

FAE
TECHNOLOGY

VBUS ORing

3V3 Buck/Boost Regulator

Battery Charger w/ Power Path

DESIGN NOTE:
Charger:
- Default charging voltage: 4.2V
- Default charging current: 320mA
- Default termination current: 20mA
- Default pre-charge current: 20mA
- No battery thermal protection

DESIGN NOTE:
Power Path:
- Input current limit: 3.5A
- 26mOhm reverse blocking transistor
- 15mOhm battery transistor
Buck Regulator:
- 1.5MHz frequency
- Input Voltage: 5V
- Output Voltage: 3.3-4.2V
- Peak current: 2.5A

BuckBoost Supercapacitor Charger/Balancer
